Campus Information Center

The Campus Information Center's "4-HELP" is a telephone service providing access to informational tapes covering topics of interest to ISU students. Dial 294-4357 and ask the operator for a particular tape by code number or topic. The operator will play the tape directly into the phone. If you do not find your specific question area listed, consult the operator. He or she should be able to determine the appropriate tape or direct you to another source of information. To make comments or suggestions concerning "4-HELP" please call the Office of Student Life, 294-1020.

Emergency Telephone Numbers

9-911 Fire/Police/Ambulance

4-4428 University Security

4-5100 Physical Plant Service Desk

To report physical plant emergencies: give building name and room number, your name and office telephone number, and the nature of the emergency. This information will be relayed to the proper University service, and necessary repairs will be made. The Service Desk telephone is answered 24 hours a day, seven days a week.

How to Advertise in this Directory

This is the fifth year the Iowa State University Faculty-Staff and Student Directory has been published in one book and has been supported by paid advertising.

This arrangement offers advertisers unmatched exposure to the students, staff members, and faculty of Iowa State University, for an entire year, in the most-used book on the campus. It also saves tax money.

If you are interested in advertising in the Directory to be published in the fall of 1984, write to:

Tornado Safety Information

- **Tornado Watch** means tornadoes are expected to develop.
- **Tornado Warning** means a tornado has actually been sighted or indicated by weather radar. Seek safety inside shelter and stay away from windows.
- Listen to a battery-operated radio or television for further advisories.
- If you are in an office building, dormitory, or other multi-story structure, go to the interior hallways on a lower floor, preferably the basement. Avoid auditoriums and gymnasiums or other structures with wide, free-span roofs.
- If you are outside, listen for the tornado warning sirens, and take cover immediately. At ISU all the permanent brick and stone buildings on central campus are of reinforced construction and offer good shelter.
- If you live in University Housing be sure to review the Storm Protection information you have been provided.
- Tornadoes are spawned by severe thunderstorms, and are only one of the thunderstorm hazards. Lightning is the worst killer. Stay indoors and away from conductive surfaces, such as appliances and water pipes, while the storm is overhead. If you are caught outside, keep yourself lower than, and a safe distance from, the nearest high conductive object.
